AUTHOR, DEVORAH HEITNER

PARENT SPEAKER NIGHT

7PM-8PM BELL AUDITORIUM

If you are raising kids, you are raising Digital Natives. Do you feel like they won't put down the tablet? Like they started asking for a smartphone in preschool?

What are they doing on those devices anyway? Should you spy on them? Or will that hurt your relationship in the long run?

Our kids need digital mentors to become the best people they can be in our connected world.

Devorah Heitner, author of "Screenwise: Helping Kids Thrive (and Survive) in Their Digital World", gives parents new insights into kids' digital world, so they can stop feeling afraid of tech and become tech-positive parents. Don't miss out on the opportunity to see her speak in person at Bell School.
